## NEMESIS 3X3 Basketball Tournament Info

As NEMESIS basketball player training/development coaches, we are big on 3X3 basketball. We think it's awesome for skill development at all age levels because...

You get **MORE** touches on the ball (you're only sharing it with 3 players instead of 5). Six passes can be an average possession in 3X3, meaning each player will have the ball at least TWICE every possession.

You have more space to try new moves and practice new skills.

Your defensive footwork and agility **IMPROVES** because you have to cover more distance with fewer players on the court.

You **IMPROVE** passing, dribbling, shooting, cutting, spacing, rebounding and defense.

All players have **equal opportunity** to make plays and help their team win.

Teamwork is stressed in 3x3 so teams are successful

Teams can be formed with by adding 2 to 3 friends to your squad.

**No coaches are screaming at you!!** It's about 3-4 teammates working together. The substitution player (if any) can act as the coach and handle rotations. Some teams implement the sub if you turn over rule as a standard but each team figures out how they will play this tournament on their own.

- A shot clock will not be used.
- Home team gets possession of ball at the start of each game.
- Each game will be to 15 minutes long. A team must win by only one point. OR the team ahead after the 15-minute time limit wins.
- Scoring: 2-point per basket; 3-points for shots made behind designated three-point line.
- Possession alternates after each made basket. After a basket has been scored or a foul called, a player must put the ball in play from the three-point line above the foul key.
- All held balls will be put into play behind the three-point line with possession given alternately to each team.
- On defensive rebounds or steals, players must return the ball by dribble or pass across the three-point line before a basket may be attempted. Once across the line, they do not have to pass the ball before shooting.
- Fouls will be called by the NEMESIS referee. A foul called in the act of shooting will result in two or three points being awarded to the team which was fouled, depending on where the player was fouled and a change of possession to fouling team. A non-shooting foul will result in the award of the ball back to team that was fouled at 3-point line.
- The three-second rule will apply to all offensive players in paint and five-second rule outside the paint.
- Substitutions may be made after a basket or an out of bounds play.

## NEMESIS 3X3 Basketball Tournament Info

- The substitution can occur only in a dead ball situation. In 3x3, a substitute can only enter from the baseline, and the substitution becomes official once the player leaving the game has made physical contact with the substitute. Unlike the full-court game, no action from referees or table officials is required except it must be during a dead ball situation.
- Each team is only allowed one 30-second timeout per game/overtime combined.
- If the game ends in a tie after regulation time there will be a two-minute overtime period. Possession goes to the home team to start. Ties at the end of any overtime period will result in successive alternating free throws by each team with each team getting a shot until a team leads by 1 to end the game. Each Team picks their free throw shooter themselves.
- Guaranteed 3 games - Each team will play 2 pool play games followed by single elimination game. Those that move on play Championship game.
- No roster changes may be made after a team starts its first scheduled game.
- Individual personal foul counts are not kept. In other words, players cannot be disqualified on the basis of personal fouls; however, a player who commits two unsportsmanlike technical fouls is disqualified. If this puts a team in a two-player remaining situation, they can play 2x3 or forfeit the game.
- Technical fouls (including unsportsmanlike fouls) result in two points being awarded plus possession of the ball.
